PRODUCT WARRANTY

Blackmer / A Dover Company warrants its products free from defects in materials and workmanship under normal use and service for which its products were designed. This warranty is for a period of 12 months after installation or 18 months after shipment from the factory, whichever comes first. If its products should fail through defect in workmanship or material within the warranty period, Blackmer must be notified in writing within the warranty period of such defects and shall have the option of requiring return of parts or product to its factory for verification of any claim.

The warranty is in lieu of any other liability for defects. BLACKMER MAKES NO WARRANTY OF MERCHANTABILITY AND NO WARRANTY THAT ITS PRODUCTS SHALL BE APPROPRIATE FOR ANY PARTICULAR PURPOSE, nor are there any other warranties, expressed or implied, by operation of law or otherwise. This warranty does not cover any expense (labor, lost production, [travel expenses, etc](#)), incurred in repairs or alteration made outside the Blackmer factory without prior authorization, nor does it cover in any way the performance of equipment which has been revised or altered by others. The installation of replacement parts not provided by Blackmer or its authorized representatives, as well as damages arising there from, are not covered by this warranty. Any substitution of parts not of Blackmer's manufacture or not authorized by Blackmer shall void the warranty. The customer is wholly responsible for establishing the suitability of the product for his particular application and for operating conditions, which do not exceed published product limitations. Blackmer shall not be liable for damages or delay resulting from or related to defective products, nor for consequential, special or contingent damages for breach of warranty.

Product returns must be processed by an authorized Blackmer representative. The guide for Product Return For Warranty Inspection as defined in BLACKMER's GENERAL SALES POLICY (page 001-001) must be adhered to.
